Authorization for this examiner's amendment was given in a telephone interview with Toan Vo on August 11, 2005.

The application has been amended as follows:

In the Specification at the top of page 15, please replace Formula 4 with the following,

The above amendment was necessary to correct the structure of the compound outlined in formula 4 because not all the residues were connected in the original representation.

Applicant has suitably addressed the various objections and rejections under 35 U.S.C. 112, 2nd paragraph set forth previously with their amendments and remarks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
